OBJECTIVE

Solving the right problems with human-centered outcomes has been a guiding principle throughout my career as an artist, educator, lead parent, and project manager. My rich and varied experiences with design have prepared me to uniquely improve the user experience in digital and physical environments.

RELEVANT EXPERIENCE

KaminBuilt | Seattle, WA | 2019-Present

Project Manager

> Managed the construction of residential and commercial spaces at each phase of the process — from design review, permitting, vendor management, material selection, inspections to completion

LEV VEL | Seattle, WA | 2016-2017

Web and Graphic Designer

> Used Adobe Creative Suite to leverage imagery, copy, and engagement for print and digital environments in support of the sale and lease of luxury homes, apartments, and commercial spaces in Seattle, WA

The Da Vinci Initiative | Union, WA | 2014-2015

Guest Lecturer

> Conducted in-person and remote education on classical art techniques for educators throughout the United States

Alderbrook Resort & Spa | Union, WA | 2013-2019

Artist in Residence

> Led painting courses for resort guests and private groups. I painted and graphically designed creative assets for resort merchandise and storytelling. This was in the form of collaborative beverage labels, map art, menu art design, and visual displays.

Hood Canal School | Skokomish, WA | 2010-2014

Instructor of Art, Technology, and Physical Education

> Instructed students in a K-8 environment in the subjects of art, technology, and physical education. Coached middle school football and basketball. Taught technology to teachers for classroom implementation. Led after-school art enrichment program and designed classical art curriculum. Managed annual student nature camping experience.
